

**WE WELCOME EVERYONE TO GET INVOLVED IN THIS GREAT COMMUNITY INITIATIVE AND
LOOK FORWARD TO EVERYONE WORKING TOGETHER TO HELP TO LOOK AFTER AND BE
PROUD OF OUR OWN BACKYARD.**

This year, **Our Backyard Trust, Stoney Creek and Tauranga Sport Fishing Club** are combining forces to raise funds and a team of volunteers to be involved in our first ever **Tauranga Harbour & Ocean Clean Up Project**. With the goal of cleaning up our own backyard and to remove loads of harmful rubbish from our marina, ocean and harbour ecosystem, the purpose of the project is to protect our waterways and it's marine life and to further encourage other people and businesses to get support the initiative and the on-going protection of valuable natural resources.

The project will be funded by donations from key sponsors, local businesses and families, as well as receiving generous funding generated from the Jackpot being run at the 2022 **Stoney Creek One Base Game Fishing Tournament** in March.

Being based out of the Tauranga Sport Fishing Club, the event is planned for the 15th of May and we are looking to build teams of volunteers and supporters for the project who will be part of dedicated **Clean Up Squads** that will be work across the Beaches, Harbour, Marina, Boat Ramps and Carparks across the general Tauranga Harbour area.
